

Products & Capabilities

LEADER IN DISTRIBUTION,
MANUFACTURING, AND ASSEMBLY

Certified Power
SOLUTIONS®

Your Fluid Power Partner

Since our inception in 1967, we have positioned ourselves at the forefront of the engineering, manufacturing, and distribution of sophisticated hydraulic systems and controls tailored for both mobile and industrial OEM markets.

Certified Power Solutions is a distinguished leader in the fluid power distribution sector, serving North America. We specialize in the design, engineering, and distribution of sophisticated hydraulic systems and controls for both mobile and industrial OEM markets. Our expertise spans various industries, including agriculture, construction, and mining.

We offer a comprehensive range of services, from system design and integration to repair and maintenance. Our expertise includes the installation of wet line kits, hydraulic oil reservoirs, and enclosures and accessories to enhance system performance and durability. We also provide advanced air and cable in-cab control systems for seamless operation. Our commitment to excellence extends beyond product delivery, offering robust customer support, extensive training resources, and a vast inventory of parts to minimize downtime.

Vendor Partners

Our partnerships with leading manufacturers are key to our success. They enable us to offer a diverse range of high-quality products and provide the best-fit solutions for every application.

Pneumatics

Pneumatic Components

Air Power Systems
Airway
Alpha Technologies
CKD
Williams Controls

A

Air Power Systems (APSCO)

Pneumatic air controls, cylinders and air shift kits

Airway

Hydraulic hose and fittings, steel, brass, and stainless steel

Alpha Technologies (AIGNEP)

Pneumatic fittings and accessories

American Industrial

Heat exchangers, coolers and radiators

American Mobile Power

Hydraulic reservoirs and enclosures

Anchor Fluid Power

Hydraulic flanges, sensors, low control, needle & check valves, pneumatic and hydraulic flow controls

ASP/MiniBooster

Oil to oil intensifiers

Auburn Gear

Gear products including planetary gear drive systems

B

Bijur Lubricating

Industrial lubrication systems - oil, grease, and spray mist

Bondioli & Pavesi

Power transmission products including hydrostats, pumps, motors, valves and gear boxes. Engine couplings & heat exchangers.

Brand Hydraulics

In-line pressure and flow control valves, monoblock and stackable directional valves, hydraulic hand pumps

BVA Hydraulics

Cylinders, air pumps, hand pumps, jacks, combination sets and accessories

C

Certified Power Solutions

Wet line kits, hydraulic oil reservoirs, enclosures and accessories, air and cable in-cab control systems.

Certified PowerTrain

Custom driveline and drivetrain components. Dana/Spicer stocking SPO250 series and smaller drive shafts, yokes and universals.

Cervis

Radio remote controls

CKD

Pneumatic products including in-line valves, valve banks, FRL's, pneumatic controls and cylinders

Comatrol

Cartridge valve line including solenoid, proportional, mechanical and Cetop valves, pre-Engineered solutions with Catalog HICs

Continental Hydraulics/ Polypac

Variable volume pumps, piston pumps, electro-proportional, pressure and flow control valves, standard and custom hydraulic power units

Cross Manufacturing

Pressure, flow control and directional control valves, hydraulic gear pumps and motors, tiered and welded cylinders, accumulators

CW Mill Equipment Co.

Complete clutch pump engine-mounting kits for light and medium duty trucks

D

Dakota Micro (Eye DOT)

Eye DOT and Overview camera systems, rugged and built specifically for the mobile market. Options include various monitors, split screens, camera lens viewing angle options, mounting hardware and wireless systems

Daman Products

Standard and custom hydraulic valve manifolds and sub plates

Dana/Spicer

Driveline parts and systems: U-joints, yokes, drive shafts, assemblies, PTO shafts, axle parts and heavy duty transfer cases

Danfoss

The Danfoss family of products includes piston pumps and motors, including hydrostats, orbital motors, mobile stack and cartridge valves, mobile electronics, steering components and gear pumps and motors

Delta Power

Gear pumps, 0.5-34 gpm gear motors, cartridge valves, manifolds and power units

Deltrol Fluid Products

Cartridge valve, hydraulic and pneumatic flow controls and quick exhaust valves

E

Emmegi

Heat exchangers air to oil and water to oil designs

Energy Manufacturing Company

Tie-rod and welded cylinders, custom cylinder designs, smart cylinder positioning technology, manual directional valves

EPEC

Intelligent control systems and information systems for mobile machines using CANopen and PLCopen to form a solid base to offer flexible, scalable solutions

F

Flextral

Hydraulic and Industrial hose and fittings, hose assemblies, quick disconnects and adapters for all applications cases

FPC Filtration Products

Hydraulic in-tank and spin-on filters, sump strainers and accessories

FulFlo Specialties

1/4" to 4" hydraulic by-pass relief valves

Funk Manufacturing

Pump pullers, guides, swing vises

Check your local CPS location for product & brand availability

G

Garrison Manufacturing

Stacker systems consisting of steering valves and cylinders for the oil industry

H

Hayden

Heat exchangers - air cooled, water cooled

Hayes Manufacturing

Couplings, pump drives, bearing supports, pump/motor adapters

Hedland

Full line of electronic and mechanical flow meters

High Pressure Equipment

Premium manufacturer of high-pressure valves, fittings, tubing and intensifiers

Horton

Air brakes and clutches

Hub City

Worm gear, bevel, parallel shaft and in-line speed reducers and gearboxes

HydraForce

High performance cartridge valves and manifold systems, mobile electronics

Hydraulics Inc.

Quick couplings and hydraulic swivels

K

Kobelt

Disk brake systems and components for mining, oil and gas industries

KTI Hydraulics

DC hydraulic power units

L

Lake Monitors

Flow meters - air, hydraulic, and water

LDI Industries (Vescor)

Reservoirs and reservoir accessories

Lenz

Pressure and vacuum gauges, filters, breathers and tank accessories

M

Midwest Truck and Auto Parts

Heavy duty truck and auto parts

Motive Gear

Ring & pinion gears - transfer case transmission parts

M&W Manufacturing

Custom hydraulic manifolds, built to your exact specifications. Steel, aluminum and ductile iron

N

Nason

Pressure, temperature, vacuum and differential switches

Neapco

Agricultural and domestic driveline parts, U-joints, yokes and driveline tubing & end yokes

Northman Fluid Power

Hydraulic solenoid valves, sandwich valves, control valves, and vane pumps

Noshok

Mechanical and electrical pressure, temperature and force measurement instruments

O

Ogura Industrial

Electric clutches for industrial and mobile applications -12 and 24 volt designs available

P

Pamark Manifolds

Extruded aluminum manifolds

Parker (Chelsea)

Commercial & Gresen valves, Chelsea PTO's, pumps, and motors

Parker (Commercial/Tyrone)

Gear pumps and motors, flow dividers, directional control valves, telescopic cylinders, motors, pumps, valves, cylinders and accessories

Parker (Gresen)

Hydraulic directional control valves, flow controls, counter balance, sequence, relief valves, geroter pumps and motors, and accessories

Parker/Nichols/Ross/Bruning

Low speed, high torque Ross Torqlink and Nichols motors, wheel motors, check valves and quick disconnects

Parker Truck Components

Piston pumps, valves, telescopic cylinders, filters, and accessories

Permco

Cast iron gear pumps and motors

Pitts Industries (Hilite Intl.)

Electric clutches

Prince Manufacturing

Low speed, high torque hydraulic motors. Tie-rod and welded mobile cylinders. Pressure and flow and directional control valves. Hydraulic gear pumps.

Q

Quadrastat

Mechanical joystick cable operators, remote valve hook-up kits, and transmission shift controls to top cable products

R

Rectus

Quick disconnect couplings

Rego/Cryoflow

Flow controls, needle and check valves, pneumatic and hydraulic

Reuland Electric

Pump/motor flexible couplings and mounting brackets

Rockford Drive Line

Double cardan and domestic driveline parts, driveline assemblies

Check your local CPS location for product & brand availability

Rockwell/Meritor

Driveline parts, U-joints, yokes, and components

S

SafeWay Hydraulics

Hydraulic quick-disconnects, caps and plugs

SAI Hydraulics

Low speed, high torque, radial piston motors, planetary speed reducers, wheel drives

Schroeder Industries

Full line of hydraulic high, medium, and low pressure filters. Filtration systems, large capacity process water filtration, diagnostic equipment and accessories

Sheffer Cylinders

Hydraulic, pneumatic, electronic positioning cylinders and custom cylinders

SPX Hydraulic Technologies (Stone)

Compact AC and DC hydraulic power units for industrial and mobile applications

Stauff

Clamps, ball valves, filtration and hydraulic accessories

StormGuard

Snow and Ice product lines from Certified Power, including electronic controls, hydraulic systems, liquid systems for anti-ice and pre-wet, spreader controls and vehicle tracking systems

Stucchi

Quick couplers

Sun Hydraulics

Cartridge valve technology including flow, pressure load holding, directional, logic and solenoid electrical designs, custom manifolds solutions for mobile and industrial applications

Super Swivels

High pressure and flow rotary fittings

T

Thermal Dynamics

Heat exchangers air to oil and water to oil designs.

Thermal Transfer Products

Heat exchangers air to oil and water to oil designs.

Tobul Accumulators

Piston type - 5 cu. in to 1 gallon. Bladder accumulators - 60 cu. in. to 15 gallons

Turolla

Manufacturer of cast iron and aluminum gear pumps, including fan drive systems and "Quiet Technology" pumps

W

Warner

Electric clutches. 12 and 24 volt DC designs.

Weasler

Agricultural driveline parts

Wescon Cables and Controls

Certified Power is an authorized factory push/pull, brake, throttle and accelerator cable assembler. Mechanical controls and screw machine components

White Drive Products

Low speed, high torque hydraulic geroller motors, flow dividers and brakes

WIKA Instrument

Pressure gauges, temperature gauges, pressure transducers, pressure switches and transmitters

Williams Controls

Pneumatic controls

Williams Machine & Tool

Hydraulic pumps, valves and power units

Y

Yuken

Hydraulic pressure, flow, directional and proportional control valves, vane and piston pumps

Z

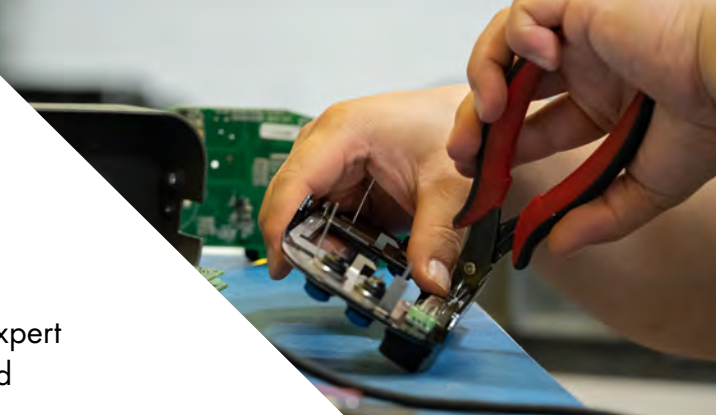

Zinga Industries

Filtration components, hydraulic return suction and pressure applications, piston pumps.

Check your local CPS location for product & brand availability

Engineering & Capabilities

Certified Power Solutions offers leading-edge engineering, expert electronic control design, custom power unit construction, and top-tier service for industrial and mobile fluid power systems.

Engineering Solutions

- **Project Management:** manage projects from concept to completion
- **Advanced Engineering Techniques:** employing the latest software and technology
- **Process Optimization:** improve operational efficiency and reduce downtime
- **OEM & After-Market Support:** continuous support and service

Service & Repair

- **Online Repair Portal:** submit your repair requests 24/7
- **Field Service:** comprehensive hydraulic diagnostics and repairs
- **Pump Remanufacturing Services:** custom engineered solutions
- **Driveline Services:** fast and reliable driveline repairs

Manufacturing

- **Custom Manifolds & Assemblies:** designed to meet specific client needs, ensuring precision, reliability, and efficiency in manufacturing solutions
- **Hydraulic Power Units:** high-performance and cost-effective
- **Hydraulic Systems Testing:** precision hydraulic test benches equipped with advanced features for accurate diagnostics, easy maintenance, and efficiency
- **Sub Assembly:** streamline manufacturing processes through specialized sub-assembly services, enhancing quality, reducing complexity, and providing scalability

Industrial Engineering & Capabilities

- **Industrial Machine Safety:** comprehensive motion control systems and safety solutions for electric, pneumatic, and hydraulic automation, including safety application assistance, product recommendations, machine guarding, and energy isolation
- **Industrial Power Units:** full-service product design, fabrication, assembly, and testing, specializing in components such as power units, hose & fittings, valves, motors & compressors, filters, custom manifolds, hydraulic cylinders, and electronic controls & measurement products

FRIDLEY, MN | Headquarters

45 Northern Stacks Drive, Suite 200
Fridley, MN 55421
