

Eye Dot

Camera Systems for the DOT, Government & Municipal Markets

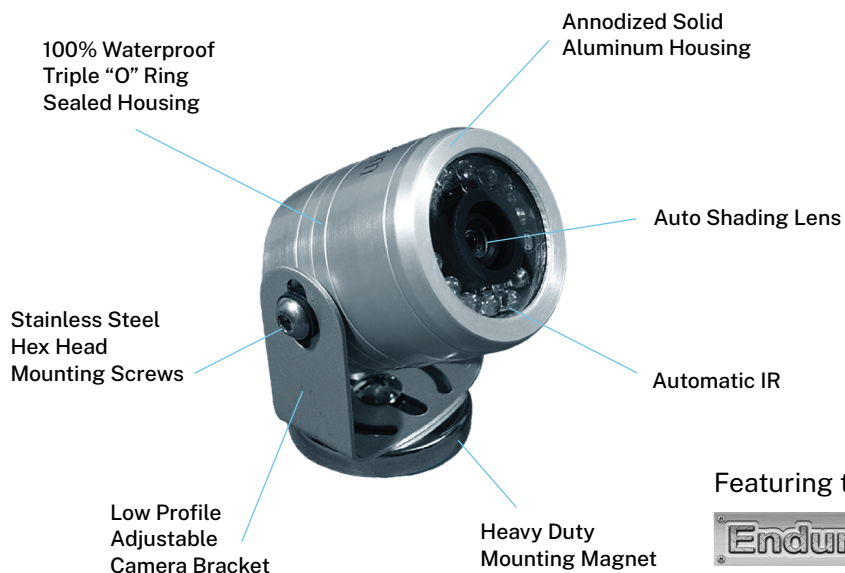

Certified Power
SOLUTIONS®

The most comprehensive and versatile rear view and monitoring system available

The Eye Dot system is designed for quick deployment with no complex installation or permanent mounting required. A single power input drives the entire system, so setup takes just minutes. Mount your cameras and monitor, connect your cables, and you're ready to go. When the job changes, relocation is just as simple. Move the system in under five minutes and get back to work faster.
