

# Lamprey™ Series

Proportional plow control systems

Certified Power  
SOLUTIONS®

## Reliable plow controls for compact, hand-held operations

The Lamprey™ series from Certified Power Solutions provides proportional plow control in a single, easy-to-operate joystick. Designed for smaller patrol trucks and hand-held operations, the Lamprey series provides the same power, precision and accuracy as larger plow controls but in a convenient, hand-held or mounted option. The Lamprey series also includes Certified Power Solutions Mako™ software, which allows for individually programming the speed of each direction of motion without making adjustments to the wiring or hydraulic systems.

### Features

- Pendant and single joystick models
- Hand-held or mounted options
- Controls up to 2 devices
- Controls 6 output channels
