

Pre-Wet Power Modules

Certified Power
SOLUTIONS®

Versatile power modules for high-performing pre-wet applications

Designed to produce effective results from liquid and pre-wet spraying applications, pre-wet power modules from Certified Power Solutions provide compact, efficient, self-contained pump systems. Available with electric or hydraulic power for open-or closed-loop configurations, these systems provide the power for your liquid pre-wetting and other spraying applications.

Pre-Wet Power Modules

- Electric or hydraulic options
- Open-and closed-loop sensor configurations
- Liquid and pre-wet spraying applications
- 3, 5, 10 and 18 GPM models available

Electric
closed loop

Hydraulic open loop

Hydraulic closed loop

FleetPilot^{IV}
BY CERTIFIED POWER

YOUR FLEET, YOUR WAY. FleetPilot by Certified Power combines equipment controls, hydraulics, and telematics in one adaptable platform. Built for precision and growth, it easily scales from one vehicle to a full fleet and supports everything from routine work to critical operations.

Explore your options at fleetpilot.com.
